Promotion/Reclassification of Contract Agents: another round is beginning

Luxembourg, 7 June 2016

The exercise of promotion/reclassification of contract agents is starting again, not without its set of frustrations seeing the meagre amount of possibilities "offered" and, as a result, the high average seniority level needed so that a contract agent can even hope to become part of the "happy few".

Obviously, the institution is not interested in putting in place a fair social policy to the benefit of its contract agents. Each Directorate-General will put forward its proposals to a delegation of the Staff Committee only to effect some minimal adjustments – in many cases. Try to act instead of passively waiting in your offices!

If your merits – as assessed in your CDR – are such that you may hope to obtain a reclassification, just contact the Staff Committee members who will take part in the meetings with the Directorate-General. If you don't find yourself among the proposals – following the publication of the list - , make an appeal against the decision! L'Union Syndicale Fédérale Luxembourg stands ready to assist you with any of these stages of the procedure.
