**OP – Survey about the new building:
Have you say !**

We are pleased to note that the management of the Office follows up the topics raised during the meeting with the signatory unions.

Indeed, a survey ‘**how did you get here today**’ has been launched and is open up to the 15th July.

The purpose is to gather data on how the Office’s staff travel to work, data to be used in the search for a building to replace Mercier.
