	Answers	Ratio
I will stay in DIGIT, my motivation being higher 	5	7.14%
I will stay in DIGIT, my motivation being the same 	10	14.29%
I will stay in DIGIT, my motivation being lower 	29	41.43%
I will think about changing DG 	37	52.86%
No opinion 	8	11.43%

(Multiple answers possible)

DIGIT staff loves his job, is very motivated and does not want to go in open space at all.

DIGIT, who has already some big problems for recruiting personnel, is going to lose a significant part of the workforce by going straight into this useless project.

Even if the budget is already engaged, it is never too late to change.

Let us work together - Personnel and Management - to revise the project!!
