

Pétition against medical overcharging

Luxembourg, 25th April 2017

Dear colleagues,

You may or not be aware that EU staff are systematically charged more than people covered by the Luxembourg *Caisse Nationale de Maladie (CNS)*.

A Staff representative of the EIB took the initiative to lodge a public petition before the *Chambre des Députés* (Luxembourgish Parliament) on price discrimination in healthcare against residents who are affiliates of a non-national health insurance scheme in Luxembourg.

The petition was lodged under no. 765 ([Numéro de la pétition: 765](#)) and has been declared valid!

Staff and pensioners of EU institutions, employees of international institutions (NATO Capellen) and any other person **may sign the petition between 10 April and 22 May, provided they are residents in Luxembourg.**

We would need to collect 4.500 signatures for the petition to be heard by the Commission on Petitions and the Minister in charge in Luxembourg – which may be a first step to abolishing price discrimination in healthcare.

May we kindly ask you to spread the news to as many colleagues and acquaintances as possible?
